MIKE ELLIS PHOTOGRAPHY

Pharmaceutical & Healthcare commissions

You are about to have an x-ray or scan performed by a
diagnostic radiographer

Diagnostic Radiographers play a key role in all aspects of Medical Imaging.

- Operating Theatres and Wards
- Dental Radiography
- Radionuclide Imaging
- Ultrasound
- Angiography
- Breast Screening
- CT & MRI Scanning
- Casualty

If you or anyone you know is interested in Radiography as a career,
please contact NHS Careers. 0845 60 60 655.
